welcome Jeannette !  
Very happy to 'see' you!  
Well, you need to make just a photo with a ribbon on your art (if you have to show something) or anything else, just put on a ribbon. Also write your message, that you want to share with people from Heraklion, on 22/04/2012. I will make a video that Iwill show it on 22 April 2012. So send your image file, jpeg ,of your project until 15 April 2012, attached to email: vivi.rousakou@yagoo.gr  
I will collect all images & messages and I will create an art video that will be presented on 22 April 2012 . time, 7 pm, at the evening just before the screening of the movie One Day On Earth at the event hall "Androgeo" a very popular venue of Heraklion City. (This video will be presented also on youtube) you can send your photo, till 15/04/2012 .  
The ribbon means many things, different feelings for everyone.

regards,  
Vivi Rousakou

**Θεμα:** Photos for the great Project

Hello Vivian,  
I hope it´s not to late. I read your Mail in the morning first. If it´s to late....you´ve got the first pictures from me for the next project;-) It would be so nice to stay in Contact and perhaps you invite me also the next time? That would make me so happy.

Have a sunny and great day and a embrace for your hard work on this great project,  
Jeannette
